Please note that these chasers are suitable for many copies of the Coventry heads, e.g. EFEM, RUBOMETRIC, OSG etc. Please ask for specifications.

Where priced we stock threaded blanks that can be ground to any rake and throat angle required to suit your job. Grinding charge included.

We can regrind your chasers. Regrind charge at end of each die head list. Please send them to us for inspection before ordering so that we can inspect for suitability.
